

How to Use: Debt Payoff Planner

A buyer-friendly guide for getting the most value from the Debt Payoff Planner spreadsheet and printable PDF.

Purpose	Helps the buyer organise debts, minimum repayments, extra payments, and payoff priorities.
Best for	People paying off credit cards, personal loans, buy-now-pay-later balances, or car loans.

What to enter

- Debt name
- Current balance
- Interest rate if known
- Minimum repayment
- Extra repayment amount
- Priority order

Step-by-step instructions

1. List every debt in one place.
2. Enter balances and minimum repayments.
3. Choose a payoff method: smallest balance first for momentum or highest interest first for savings.
4. Add any extra repayment amount to the chosen priority debt.
5. Update balances every month so progress stays visible.

Quick tips for best results

- Keep making minimum repayments on all debts.
- Do not add new debt while using the plan.
- Celebrate each cleared balance and roll that payment into the next debt.

Spreadsheet vs printable PDF

Spreadsheet version	Printable PDF version
Use for automatic totals, formulas, and ongoing edits.	Use for printing, handwriting, or adding to a workbook bundle.
Only edit input cells and keep formulas intact.	Print at actual size or fit-to-page depending on printer settings.

Product positioning note

Recommended bundle pathway: Pairs well with Budget Planner and Payday Account Splitter. This helps buyers move from planning to consistent action.
