

# How to Use: Savings Goal Tracker

A buyer-friendly guide for getting the most value from the Savings Goal Tracker spreadsheet and printable PDF.

|                 |                                                                                                              |
|-----------------|--------------------------------------------------------------------------------------------------------------|
| <b>Purpose</b>  | Breaks a savings goal into smaller targets so the buyer can track progress week by week or payday by payday. |
| <b>Best for</b> | People saving for an emergency fund, holiday, deposit, car, course, or big purchase.                         |

## What to enter

- Goal name
- Target amount
- Current savings balance
- Target date
- Regular contribution amount
- Progress updates

## Step-by-step instructions

1. Name the goal so it feels specific and real.
2. Enter the total amount needed and current amount saved.
3. Choose a realistic target date.
4. Enter regular contributions and any extra deposits.
5. Review progress weekly and adjust the contribution if behind target.

## Quick tips for best results

- Make the first goal achievable to build momentum.
- Track both the dollar amount and percentage complete.
- Use extra income, refunds, or bonuses to speed up the goal.

## Spreadsheet vs printable PDF

| Spreadsheet version                                    | Printable PDF version                                              |
|--------------------------------------------------------|--------------------------------------------------------------------|
| Use for automatic totals, formulas, and ongoing edits. | Use for printing, handwriting, or adding to a workbook bundle.     |
| Only edit input cells and keep formulas intact.        | Print at actual size or fit-to-page depending on printer settings. |

## Product positioning note

Recommended bundle pathway: Pairs well with Money Goal Accountability Planner. This helps buyers move from planning to consistent action.
